

# DOURADO RESOURCES LIMITED

ABN: 84 131 090 947

*Dourado Resources Limited (DUO) is an Australian company with a portfolio of quality gold, copper and zinc exploration assets.*

*As a gold explorer DUO is focused on a quality package of tenements in the Mid West Region of WA. Initial efforts are directed at two prospective areas.*

#### Mooloogool/Diamond Well Projects

*Current exploration work in the area has identified at least 13 anomalous geochemical zones on the tenements. Ongoing fieldwork on 11 of the zones has to date yielded results which are consolidating these findings. Results from a ground based gravity survey confirm the presence of significant WNW-ESE structures.*

#### Sabbath/Garden Gully Projects

*Data from the resource drilling has been reviewed for the Project. The high grade, near surface mineralization appears to occur in several south-plunging shoots and some areas have been identified for RC drilling to extend the resource down dip, along plunge and along strike.*
