## STATUS OF TENEMENTS

The Board of Directors of **Dourado Resources Limited** (“Dourado” or “the Company”) provides an update in relation to status of tenements as follows;

- Western Australian tenement applications are proceeding as normal and are all currently subject to the Native Title Act processes and Native Title and Heritage negotiation, some of which have been agreed.
- Exploration Licence Applications E 51/1185-7, E 51/1213-15 & E 51/1325 have had Heritage Agreements signed and will be granted early 2010.
- Mining Licence Applications M 51/550, M 51/583, M 51/633-4 and M 21/216 are all subject to Native Title negotiation regarding compensation agreements.
- Northern Territory tenement applications, ELA 26283 and ELA 26284 have completed landholder notification and advertisements and waiting for the Department of Regional Development, Primary Industry, Fisheries and Resources (“DRDPIFR”) consent to negotiate with landholders.

## About Dourado Resources Limited

Dourado Resources Limited is an Australian company with a portfolio of quality gold, copper and uranium exploration assets.

As a gold explorer Dourado is focusing on a high quality package of tenements in the Mid West Region of Western Australia with initial efforts being directed at two particularly prospective areas at Mooloogool and Sabbath and Garden Gully 160km and 20km respectively north of Meekatharra.

Dourado also controls a highly prospective uranium project, comprising a substantial landholding in the Arunta Uranium Province and located just north of the highly prospective Ngalia Basin Region. Ngalia currently hosts three significant, developing uranium deposits and a world class 18 million tonne Rare Earth (REO) mine.

Dourado projects are in reasonably close proximity to established infrastructure including railways, shipping ports, highways, power stations and populated areas. The Company's objective is to provide rapid capital growth through mineral discoveries and development of economic deposits in Australia.
