Acquisition of Balance of Abbotts Exploration Pty Ltd

Dourado Resources Limited (“Dourado” or “the Company”) refers to the Announcements released on 8 and 9 of July 2010 respectively regarding the acquisition of Abbotts Exploration Pty Ltd (“Abbotts”).

The Company is pleased to advise that it has entered into an Agreement with the Shareholders of Abbotts to acquire the balance of Abbotts for a consideration of 43,500,000 Fully Paid Shares and 30,000,000 Listed Options in Dourado Resources Limited.

Abbotts’ tenements are in close proximity to the Company’s current projects and share contiguous borders with Doray Minerals Ltd’s Andy Well Project, which released spectacular gold intersections in late March 2010. Abbotts also holds a 40% interest in Anuman Holdings Pty Ltd, which holds tenements (with the right to all minerals excluding Mn & Fe) that are well positioned in relation to Dourado’s Mooloogool-Diamond Well Project.

The Board believes that the acquisition, which is subject to Shareholder approval and due diligence, will enhance the potential of Dourado’s portfolio of prospective gold and copper exploration assets.

Managing Director
